Website Design Proposal & Agreement

1. Introduction

Thank you for considering me for your website project. I specialize in building simple, effective websites for small businesses - with clear pricing, honest service, and no confusing jargon. This document outlines the services we've discussed, the cost, timeline, and expectations so we're on the same page from day one.

2. Project Scope

The client has selected the following package:

[Choose One - Starter / Professional / Premium] Website Package
Includes everything listed in that package tier (see Section 5 for full details).

Additional services selected:

- ☐ Extra Pages - \$50 each (Number of extra pages: ____)
- ☐ Logo Creation - \$150
- ☐ Blog Integration - \$200 *(included in Premium)*
- ☐ Monthly Website Care - \$50/month *(starts after launch)*
- ☐ Google Analytics Setup - \$150 *(included in Premium)*
- ☐ Advanced Social Media Integration - \$100

3. Pricing Summary

Item	Price
----- -----	
Website Package	\$[500 / 800 / 1200]
Add-ons	\$[List Here]
Total Project Cost	\$[Total]

Payment Breakdown:

- 50% Deposit Due Upfront (non-refundable once work begins)
- 50% Final Payment Due before the website is launched or handed off

4. Timeline

- Website work begins after deposit is received and all content (text, images, business info) is provided.
- **Work is considered to have commenced when one of the following occurs, whichever comes first:**
 - Delivery of the initial wireframe, mockup, or design concept.
 - Completion of the discovery phase (e.g. requirements document, site architecture).
 - Purchase of any third-party assets (e.g. stock photos, plugins, fonts).
 - Estimated timeline: 7-14 business days
 - Any delays in receiving content from the client may extend this timeline.

5. Package Details

Each package includes all features listed in the previous tier - plus more:

1 Starter Website - \$500

- Up to 3 pages
- Mobile-friendly design
- Contact info display
- Clean professional look
- 1 revision round
- Basic visibility setup (titles + descriptions for Google)

2 Professional Website - \$800

Everything in Starter, plus:

- Up to 5 pages
- Contact form (sends to your email)
- Basic SEO (titles, descriptions, keywords)
- Social media links
- Embedded map
- Testimonial section
- 2 revision rounds

3 Premium Website - \$1,200

Everything in Professional, plus:

- Up to 7 pages
- Blog section (optional, no extra cost)
- Custom branding (colors, fonts, layout)
- Google Analytics setup
- Basic visitor tracking (form submissions, clicks)
- 3 revision rounds
- 3 months of website care
- Priority support (faster response times, usually within 12 hours)

6. Revisions & Changes

Each package includes a limited number of revision rounds to request edits after the first website draft.

Revisions include things like:

- Text updates
- Swapping images or logos
- Layout adjustments (spacing, order of sections)

Revisions do not include:

- New pages
- Major redesigns
- Added features not in original scope

All revision requests must be submitted together per round.

7. Hosting & Platform Policy

I build all websites through my preferred system (such as Netlify).

I do not build on DIY platforms like Wix, Squarespace, or GoDaddy.

I do not handle websites transfer to another hosting site other than what is stated above.

8. Ownership & Launch

Once the final payment is received:

- You will own your website and content
- I will help connect your custom domain (if needed)

- Site will go live on the agreed platform
- Any requested changes afterward may require a separate maintenance plan

9. Hosting & Website Access: GitHub and Netlify Explained

When your website is complete, you will own all content, design, and source files. Hosting can be handled in two ways:

Option 1: I Host It For You (Default & Easiest)

- I host your site on my Netlify account, with your website files stored on my GitHub.
- You retain full ownership of your website and content, but I manage the technical setup.
- You can request a full transfer of the website and files to your own accounts at any time.
- This is ideal if you'd like me to handle updates or maintenance in the future.

Option 2: You Use Your Own Netlify & GitHub Accounts (Full Ownership)

- I help you create your own Netlify and GitHub accounts, or work with ones you already have.
- I'll deploy your website under your own hosting and code management accounts.
- I will need access (as a collaborator or temporary login) to build and launch the site.
- This gives you complete independence and flexibility in the long run.

If we start under my accounts, we can always transfer the site to your own accounts later. You will never be locked out of your own content, and I will guide you through the handoff if needed.

10. Website Care Plan (Optional)

If you'd like ongoing help after the site is launched, I offer a monthly Website Care Plan:

- \$50/month
- Includes updates, checks, performance tuning, and small content edits
- Cancel anytime

11. Agreement & Signature

By signing below, both parties agree to the terms in this proposal.

Client Name: _____

Signature: _____

Date: _____

Your Name / Business Name: _____

Signature: _____

Date: _____
